ISTIAQ AHMED

Flutter Developer | Mobile Application Engineer

Ahmedboby66@gmail.com | 01879237935 | github.com/Istiaq66 | istiaq66.netlify.app | LinkedIn/Istiaq-Ahmed | Chittagong, BD

Flutter Developer with 3+ years of experience delivering production-grade cross-platform apps for global audiences. Built and shipped features across high-impact Islamic apps (Hadith Collection, Sadiq), eCommerce platforms with POS & payment gateways, and personal projects with full CI/CD pipelines. Skilled in clean architecture, TDD with Patrol, and state management across Provider, GetX, and Riverpod. Actively mentoring the next generation of Flutter developers at university level.

TECHNICAL SKILLS

Languages: Dart, C++, Java, Javascript
Frameworks: Flutter, Android SDK
State Management: Provider, GetX, Riverpod
Architecture: MVC, MVVM, Clean Architecture
Backend / DB: Firebase, Supabase, Hive, MySQL, NoSQL
Testing: TDD, Widget Tests, Integration Tests (Patrol)
DevOps: GitHub Actions CI/CD, Signed APK releases, Play Store
Tools: Git, Postman, Figma, Adobe XD, ClickUp, Agile
Integrations: Google Maps, Gemini AI, FCM, Payment Gateways, POS

EDUCATION

B.Sc. Computer Science & Engineering
Int'l Islamic University Chittagong
CGPA: 3.40 / 4.00 · 2019 – 2023

PROBLEM SOLVING

700+ problems across online judges
Codeforces: 300+ problems solved
Onsite & online contest participant

EXPERIENCE

Flutter Trainer · International Islamic University Chittagong (IIUC) · **May 2026 – Present**
- Designed and delivered a Flutter training programme for final-year CS students, covering Dart, state management, REST APIs, Firebase, and production app architecture from zero to working apps.

Software Engineer (Flutter) · Greentech Apps Foundation · **2024 – Present**
- I ensure high-quality user experiences by implementing efficient code, integrating advanced features, and collaborating with a dedicated team to uphold the foundation's mission of providing impactful,user-friendly Islamic apps.
- Developed and maintained features for Hadith Collection (iOS, Android, desktop) 41,000+ ahadith across 15+ authentic books; implemented daily habit tracking, Gems section, and scholar biography views.
- Built and shipped features for Sadiq, a globally-used daily companion app in 8+ languages; prayer times, Quran reader with 55+ reciters, 300+ duas, Qibla, mosque finder, and Islamic reminders.

Junior Software Engineer (Flutter) · 6amtech · **2023 – 2024**
- Customised Flutter eCommerce apps (6amMart, 6Valley, Efood, Hexacom) for multiple clients integrating POS systems, multi-payment gateways, Google Maps routing, real-time notifications, and dynamic pricing models.
- Managed end-to-end Play Store publishing including APK signing, release management, and post-launch bug resolution.

Software Engineer Intern · Stamasoft Technologies · **2021 – 2022**
- Contributed to web and mobile app development, integrated REST APIs, and participated in R&D for new feature exploration.

PROJECTS

BidPlace Flutter · Firebase · Supabase · FCM · TypeScript Cloud Functions [github.com/Istiaq66/Bidding-Marketplace]
- Architected a real-time auction app with live bidding, min-increment enforcement, FCM push notifications (outbid/auction-end/seller alerts), seller following, Supabase Storage with RLS, and server-side Firestore sorting.
- Built a full GitHub Actions CI/CD pipeline format, analyse, secret validation, keystore signing auto-publishing 28+ versioned APK releases on every push.

Subh Warrior Flutter · Firebase · Aladhan API · fl_chart · GitHub Actions [github.com/Istiaq66/subhwarrior]
- Engineered a 28-day morning challenge tracker with Fajr prayer times, daily work logs, streak charts, global + location-based Firestore leaderboard, and scheduled local notifications; CI pipeline auto-publishes signed releases.

FitnessPal Flutter · Gemini AI · Android Pedometer · Hive [github.com/Istiaq66/fitnesspal_user]
- AI-powered fitness tracker with Gemini chatbot for personalised guidance, native pedometer for step/calorie/distance tracking, and Hive for offline persistence built on MVVM architecture.
